

KENTON COUNTY PUBLIC WORKS

DRIVEWAY ENCROACHMENT PREREQUISITES & REGULATIONS

Prior to applying for an Encroachment Permit the following must be done:

- Address for Proposed site established
- Proposed site for Driveway – marked with stakes

Applying for Encroachment Permit the following rules below the landowner must abide by;

Prior to Driveway Construction:

- Any prerequisites must be met-i.e. - any grade work or moving proposed driveway site (for sight distance) must be completed before permit is approved (a letter will be mailed to applicant regarding any concerns listed above)

Once Prerequisites are completed:

An Encroachment Permit and letter stating culvert regulations (if necessary) and any other material needed for the proposed driveway will be mailed to applicant and a copy will be faxed to Northern Kentucky Area and Planning's Permit Dept.

The following is a general rule for all **Approved Encroachments** that the applicant must follow:

During Construction:

- Must place No. 2 or No.4 stone on first 50 feet of driveway. Driveway must be wide enough to accommodate workers vehicles. They are not to be parked in the road or on the shoulder of road.
- Erosion control methods must be used to control run-off.
- Must maintain proper drainage during construction.
- Must keep road/street clean during construction.
- Maintain a minimum distance of six (6) feet between the edge of pavement and the edge of proposed driveway
- The sight distance requirements imposed by KCPW have been met
