

Spend Less on Your Prescriptions

Introducing the Kenton County Prescription Discount Card

What It Is

The NACo drug discount card program helps consumers save money on their prescription medications any time their prescriptions are not covered by insurance. The free cards are distributed in the sponsoring county and may be used at any participating retail pharmacy. The discount card is not insurance.

Savings

Savings average 20 percent; some discounts may be more, and some less, depending on the drug and quantity purchased. Cardholders are eligible for higher discounts on a three-month supply of some medications through mail service. Cardholders also can save on pet prescriptions at participating retail pharmacies.

Who It's For

The cards may be used by all County residents, regardless of age, income or existing health coverage. There is no enrollment form, no membership fee and no restrictions or limits on frequency of use. Cardholders and their family members may use the card any time their prescriptions are not covered by insurance.

What It Costs

Unlike many other card programs, there is no enrollment cost or membership fee. The cardholder pays the negotiated discount price or the pharmacy's retail price, whichever is lower. The average discount is 20 percent.

The program administrator may obtain manufacturer rebates and other fees based on your prescription drug purchases. These rebates and fees may be retained by the program administrator or shared with you and/or your pharmacy.

This program is offered in a joint effort of Kenton County and the National Association of Counties (NACo).
