Call to Order

Judge/Executive Kris Knochelmann called to order the January 13, 2026, meeting of the Kenton County Fiscal Court. Commissioner Sewell led the invocation and the Pledge of Allegiance.

Present: Judge/Executive Kris Knochelmann
 Commissioner Beth Sewell, District 1
 Commissioner Jon Draud, District 2
 Commissioner Joe Nienaber, District 3
 County Attorney, Stacy Tapke

Staff: Joe Shriver, County Administrator/Deputy Judge
 Scott Gunning, Assistant County Administrator
 Kurt Greivenkamp, Treasurer
 Sue Kaiser, Fiscal Court Clerk

Approval of Minutes

A. Approval of the Minutes from the meeting of December 9, 2025.

Commissioner Nienaber made the motion for approval; seconded by Commissioner Sewell. Judge/Executive Kris Knochelmann called for a voice vote, and the motion passed unanimously 4-0.

Citizens Address

Michael Staverman stated that in early December, he spoke to this court and raised the fact that only two percent of ICE detainees in Northern Kentucky facilities were violent offenders. That stat was unchallenged. Other stats were challenged, but that stat was not challenged. 98 percent of detainees are not violent in Northern Kentucky. He still has concerns for all of those detainees' constitutional rights, for their safety, health, and well-being in our Detention Center, which is run by Marc Fields. He has other concerns in light of the events of the last couple weeks. In Minneapolis, we saw the violence of these ICE operations. Renee Good was a law-abiding citizen and mother who was not out to harm anyone, but an agent decided to step in front of her vehicle, put three bullets in her, and murder her in cold blood. So it's clear to all of America that this is not about safety in our streets. This is not about getting violent offenders off the streets. We hardly have any violent offenders in Northern Kentucky. This is about power. These men are looking to exert power and they're ready to kill at a moment's notice. We have 287G agreements and we have an intergovernmental service agreement which is bringing these agents into our county with open arms, saying come here, run your operations, exert your force, be violent in our county. Jailer Fields apparently welcomes that violence. He asks this board, do you? Are you prepared? This summer they will come here. This summer they will look to point their guns at people. Neighbors who come out into the street, they will be ready to kill. Are you prepared for some of that responsibility? Because of your silence, you're doing nothing, your complicity gives them license

to murder people. Please end the 287G agreements today. Please end the intergovernmental service agreement today. Add it to the agenda for the next meeting, or at the very least, please investigate Jailer Marc Fields. Investigate our detention center to ensure and assure everyone here that constitutional rights are being honored, health, wellbeing, and safety is being maintained in our detention center for all.

Ashlyn Green stated that this issue is so important to her that she felt it would be a moral failure to not speak up and use her privilege to speak for our community members who can't for fear of losing everything. In 2012, when she was in high school, she had the opportunity to speak to a holocaust survivor for a final project in her history class. Her name was Ava Core and she passed away in 2019. One of the questions she asked her was, what were the warning signs? Did you see or do you see any of them in American society today? She told her that Hitler succeeded because he gave people someone to blame for the hardship in their lives. For Hitler, it was the Jews, and in the current political climate, modern times, it was Obama, or it was immigrants. That was during Obama. That was one of the most impactful moments in forming her political ideology. Last weekend, she saw a video of a man named Juan Carlos, a legal citizen who was living in his car in Minneapolis. ICE brutalized him. They pinned him to the ground, pushed his face into the concrete, punched him, kicked him, kneed him in the face, despite him not resisting and being outnumbered five to one. After finding out he was legal, they let him go, impounded his car, and ticketed him. What are we doing? She never dreamed that she would be at home crying and worrying for her baby cousin who lives in Chicago. Her mom is white and her dad is black and Hispanic. She does not look white like she doe, and she has never given it more attention than curiosity when we were little, but her grandma visited her in Chicago and told her that her cousin warned her of ICE presence, where she lived and worked, and to prepare herself for what she might see. Now, she has to worry for her safety. What if her cousin forgets her ID the day that ICE stops her? What if they brutalize her baby cousin because she wasn't getting her ID fast enough? She held her the day she was born in rural Illinois, and she has to worry about ICE taking her off the streets, beating her, for no reason. ICE has no place in our community. She does not want to worry for her community like this. She doesn't want to worry about mothers sending their child to school. She doesn't want her three-year-old niece to see ICE raids as she goes to the park with her father. Please end the 287G agreements in Kenton County and stop letting ICE hold their hostages in our jail. In light of many of our government officials quoting Nazis and using Nazi imagery in regards to ICE, she wants to end with a quote from Ernest Hemingway. "There are many who do not know they are fascists, but we'll find out when the time comes".

Mohammed Ahmed, a Covington resident and a proud Palestinian American, stated that he is speaking today to respectfully express opposition, as mentioned, to the 287G agreement with the Federal government. He personally cannot support this in good conscience for several reasons, but the main one being that we should all be alarmed at the level of militarization that exists within law enforcement in light of Renee Good's murder. We cannot accept any Orwellian arguments that would justify executing a mother of three who posed no threat nor harm to anyone. In fact, the actions of that officer are not isolated because they do represent a problematic pattern of tactics that have been violently applied in a way that is appalling and anti-human to anyone who has a conscience. He knows this personally firsthand because these tactics of ICE are also inspired by the Israel Defense Forces who have trained ICE agents that have gone to Israel and learned how to use the same tactics that killed Renee Good, among others. As a Palestinian, he knows firsthand about this, because his family in the West Bank has been brutalized and even killed while dealing with the daily humiliation and subjugation at the hands of the same IDF, and the same IDF has also filmed itself using the same tactics on TikTok when they filmed themselves carrying out a genocide in Gaza. So he would never want to see that level of violence, dehumanization, and cruelty represented in Kenton County because he really firmly believes this isn't about left versus right. We should see this as right versus wrong, and he hopes anyone with humanity and common sense would agree that tearing families apart, subjecting individuals to cruel and inhumane treatment inside of our respective facilities, and even belligerently using deadly force would see

that as wrong. The only people who would benefit from ICE are private prison corporations and various contractors across different sectors, while everyday people like us still struggle with issues that are not connected to illegal immigration because, as mentioned, that is just a scapegoat to avoid humanely addressing other domestic social problems like hunger and homelessness. He asked the court to please do the right thing for all of us, not just a select few.

Virginia Southgate, a resident of Covington, stated that her family has been in Covington a long time. She figured out that her granddaughter is 10th generation in her neighborhood. Her Immigrants ancestors came here in the 18th century. Every one of her direct ancestors was here before Ellis Island opened. She doesn't have a problem with immigrants, but what she does have a problem with is a failure to follow the rule of law. The 287G agreements are a partnership with people who are undertrained and over armed, and who have made public statements with apparently the full backing of the Federal government that they do not feel that it is necessary to follow the law. She does not feel safer having militarization, as has been mentioned, on our streets. She is not afraid of her immigrant neighbors, but she has a 34-year-old daughter who said the murder of Renee Good made me feel much less safe. She doesn't want the 287G partnership with federal agents to stand. We have enough to do in our own community, with our own resources, without having to support lawless militarization in our streets.

A gentleman from Covington stated that he just found out about this today, but he goes by the name RJ. He has been living in Covington for about 10 years now. One of the things that led to his decision to move here and stay here was his neighborhood. He loves seeing families be able to walk to the park, be able to walk to church, or just be able to walk around town, and he doesn't want that to go away. He cares about his neighbors. He wants them to feel comfortable here, and he wants to feel comfortable too. He wants to know that if he does, God's forbid, have to call the police, that a bystander is not going to be put in a windowless facility somewhere, who knows where. This just does not make him comfortable, and it makes him wonder what's going to happen to his city.

General Business

A. Update from Kim Webb on the Emergency Shelter of Northern Kentucky.

Kim Webb stated that every year she comes to the Kenton County Fiscal Court to show her gratitude on behalf of the organization for the support of Kenton County for the shelter that's located in Covington. She shared a video, and then a slideshow that highlighted all of the services that are provided on both on an ongoing annual basis and for the winter cold shelter right now that's happening and also for the daytime services. One of the things that's really coming to light is about this concept of community-based services and a community-based service model that people are wanting to stay in their communities in which they live and reside. Last known address is folks who are willing to go to a shelter and access any type of service because it's in their community and they're unwilling to travel to other places. Hence, why statistically we do not see folks from Boone or Campbell at high percentages and it's like less than 10% for each of those counties. They want to stay where their jobs are. They want to stay where they live and what they know to be true. We talk about self-sufficiency not stabilized or subsidized stability. A lot of conversations right now in our nation talk about HUD homelessness. That definition is very narrow about chronic most at risk without widening the lens for student homelessness, family homelessness, people that are living in extended stay motels for example supporting the hotel industry. What we tend to see and what our work program does is these are men and women in the winter that are employed, that are going to market race housing and statistically of the 60 guests who exited housing we have the ability with our data system to kind of do a look ahead and a look back at what's the recidivism for these folks. So, of the 60 guests who exited housing, 60% remained housed after three years maintaining self-sufficiency without a voucher or subsidy of any type. This is about the work we do to find and match people to housing where the jobs are that can afford the housing that's in their community. So again for our housing work programs we

do the baseline entrance for night-by-night shelter, but also our rise in our work program guests because we recognize the quickest way and the most successful way to exit homelessness is through employment and income.

We also know we have our on-site health care clinic, and we're proud of the fact that we have three partners in that space. We have our advanced practitioner RN that we fund through St. Elizabeth's Business Health, but we also have Nurse Advocacy Center for the Underserved that comes in for daytime services and then we have UK College of Medicine students who are coming in one to two nights a week under residents and physicians supervising and donating time. Last year in our commitment to providing holistic care since we moved in, we actually piloted health care at our Scott Street location. We have onsite health care with two beds in the clinic and the ability to have almost 1900 visits to clinic, and those clinic visits range from everything from Tylenol to heart attacks, strokes, throat obstructions, cancer and things. This is an urgent care model, and is about keeping people comfortable and connected to services.

More than two-thirds of the guests we see have insurance currently. She doesn't know how long that's going to last with the changes to Medicaid, but they have insurance. They just struggle to access care, but it's also our commitment to train the next generation of doctors.

Ms. Webb then stated that they are almost always at capacity as the occupancy rate is 97.37%. They struggle to fill our 16 bed room when bringing in women in the winter months, and so hence why the occupancy will always struggle to be at 100 percent. It is a 68 bed facility.

We value connection over exit. She was out west and talking with the professionals at the National Alliance on Homelessness. We take this very seriously as are performance metrics to show how well we train our staff. Working with the City of Covington on a monthly basis for our meetings, we get our dispatch log from Kenton County. We look at the incident reports and we had 79 police calls divided by almost 25,000 bed nights for an incident rate of 0.31. These are calls that we're making because we need help in the building. So, 79 times we called law enforcement to assist, and that is just our overnight bed count. That does not include the 24 hour restroom. It doesn't include our daytime shower and laundry program. They were out west at the National Alliance on Homelessness, and people were very impressed on how we calculated this, because there are communities that will calculate their police calls for shelters based on the entire call log for the City of Covington. They are really proud of this and our work to keep our guests in the building and train staff to manage.

Lastly, Ms. Webb stated that we talked briefly about widening the horizon of homelessness in our community. She has just begun reading a book about the hidden homeless and the definition of homeless and who meets that definition and where we tend to focus our energy and resources which leaves out lots of individuals that would otherwise receive the value of a shelter bed. Almost 70% of our guests spent less than 14 nights in a calendar year. People are resilient, give them a bed, invest in our operations and we will keep people employed and back to work and back to families.

Judge Knochelmann stated that Kim continues her great work. The stat of less than 14 nights or less in a calendar year is huge.

Commissioner Sewell stated that she is so impressed with how Ms. Webb has matured as a leader, a professional, as an organization over the years. Reading through all these stats, she is just proud of how she met all the questions and concerns, and she could have run. She knows that this has not been easy at times, but she just really matured into an amazing leader and she is

just thankful for that. She is thankful that this data is helping us be better. It's taught her some things that she probably would not have understood without it, so thank you for being willing to document it and bring it to us as a court and as and the community. Are the women that aren't coming to you finding shelter say at Welcome House or do you know that?

Ms. Webb answered that yes, to the ION Center. She doesn't know the stat off the top of her head, but there are a large percentage of women that are homeless or fleeing domestic violence. So they're going to the ION Center. They're going to try their very best to get into Welcome House. What we have available versus the volume of people is only going to continue to show that we're sending far more folks into Ohio for service than ever come over here.

Commissioner Nienaber stated that it is kind of funny how time changes people. He and Kim were just talking about when we were trying to get the center built, he was probably one of the biggest sticking points with the center. It was about the process of dealing with the city and the county and never really about the kind of purpose of it. Since then, he has talked to Kim multiple times. One instance he recalls is when he was down at his payroll company in Boone County and there was a guy in his wheelchair with three inches of snow on him. It was a Saturday, and Kim answered her cell phone and gave us guidance on what to do. Unfortunately the guy didn't want to go anywhere, but she was always willing to answer the phone. This isn't a place where you just go and get out of the cold. The services that they connect you with is the reason you're only there for 14 nights. The shelter has been in the new building for four years. Kim has a spectacular staff, and he never dreamed the extent that they go to connecting people to services. Kim is a great leader with a great crew. It is a worthy organization and he is going to take it a little bit further outside of her organization to Kenton County. We have a Detention Center that's probably one of the best in the country, and he knows it is because we single-handedly, through our Detention Center, took probably the largest chunk out of the heroin crisis in our state and in our region with the SAP program. It is a nationwide renowned program that has been basically carbon copied all over the country. People have access from our Detention Center to the Life Learning Center, and our judges and prosecutors are working with our jail for this program. Life Learning Center is connected to all these agencies. Kenton County probably has the strongest social service network that works together. It is unbelievable, and Kim's a big part of that. He is in the construction industry and owns construction companies, and unfortunately some of our people find their way to Jailer Fields. The people he knows that have been in both the jail and the shelter are well cared for there. It is a testament to the Fiscal Court. A long time ago, Georgetown had just opened their own shelter and that was a result of the conversation that we had years ago when they wanted to build a cold shelter. They needed to have someplace and they were using their fairgrounds to do it. It is an incredible model we have as a shelter in our community. That is what we've worked to try to be down to the Opioid Abatement Commission awarding us four hundred thousand dollars and calling our program innovative and one that needed to be duplicated across the state. because of the work we do on the recovery ready side and with that designation and so we're proud that Kenton County has led this and carried this responsibility. We've had conversations about some upcoming ideas that would probably improve things here in Northern Kentucky.

Judge Knochelmann stated that Joe's comments were spot on and he thinks the beauty of what we have in Kenton County is we do care about everybody and we back it up with action.

B. Request approval of the Amended Federally-funded Subaward and Funding Assistance Agreement between The Life Learning Center and The Kenton County Fiscal Court.

Treasurer Kurt Greivenkamp stated that this is just a realignment of our funding levels to better match the projections of Life Learning Center with these ARPA funds that expire on December 31, 2026. This is amending their contract to better align themselves with the projections that we've come up with. The ARPA money that we had is going to be reallocated.

Commissioner Nienaber made the motion for approval; seconded by Commissioner Draud. Judge/Executive Kris Knochelmann called for a voice vote, and the motion passed unanimously 4-0.

C. Request approval of the Federally-funded Subaward and Funding Assistance Agreement between TradesNKY, Inc. and The Kenton County Fiscal Court.

Treasurer Kurt Greivenkamp stated that this is another ARPA contract using those federal funds, and this will bring the trades into the six Northern Kentucky middle schools of the Kenton County School District. This is funding to renovate classrooms and to purchase equipment and consumables for each school.

Judge Knochelmann stated that this is a program that's been developed through Trades NKY, and other counties have really tested this. It puts some one-time dollars into the program, so we're not annually funding staff and things. We are funding these primarily one-time costs so these programs can be up and running in the school district. This would be a total of \$400,000, and it will really make an impact. The Superintendents have been very supportive, and it will be pretty exciting to get another group of individuals ready for everything from welding to making better people who know how to use a screwdriver. This is in addition to Enzweiler, who is in Ludlow High School right now. Trades NKY might be in Holmes High School, but they're not in any Kenton County High School and certainly nothing that we've funded before. It is about developing the pipeline and getting them exposed earlier before they have to make their pathway decisions when they get to high school. It is about feeding into Enzweiler Gateway and dual enrollment feeding into the ATCs and the CTE programming. It is about getting them more exposed at a younger age, so they can love the trades jobs.

Commissioner Draud stated that he just read recently that electricians are making between \$180,000 and \$200,000 without going to college and no debt.

Lorena Moore, the new Executive Director for Trades NKY, stated that Trades NKY was founded by two gentlemen who own their own construction companies, and who had this vision of getting that early exposure and hands-on learning for the younger kids. It has grown so much that they needed to hand it over to someone who could manage it, so that's why they hired her. Her background is in workforce development for over 30 years with marginalized youth young adults.

Commissioner Sewell made the motion for approval; seconded by Commissioner Nienaber. Judge/Executive Kris Knochelmann called for a voice vote, and the motion passed unanimously 4-0.

D. Request approval of pay application #21 to Dugan And Meyers for the Kenton County Government Center Parking Garage.

County Administrator Joe Shriver stated that this has been vetted and is appropriate to pay.

Commissioner Draud asked if this is the final payment?

County Administrator Joe Shriver answered that it is not. The parking garage was a project, but then the podium is going to be a project that will continue into the spring. Dugan and Meyers is doing that as we speak. They are pouring concrete to that first deck along Main Street on Saturday, and then you'll start seeing the wooden framing come up on that. The part on MLK will be about two weeks out for that foundation to be finished.

Commissioner Sewell made the motion for approval; seconded by Commissioner Nienaber. Judge/Executive Kris Knochelmann called for a voice vote, and the motion passed unanimously 4-0.

E. Claims Lists dated December 29, 2025 and January 13, 2026.

There were no questions on the Claims List.

Resolutions

- A. Resolution No. 26-01A

A Resolution approving the surety on bonds for the Kenton County Sheriff.**

Commissioner Draud made the motion for approval; seconded by Commissioner Nienaber. Judge/Executive Kris Knochelmann called for a voice vote, and the motion passed unanimously 4-0.

Ordinances

- A. Ordinance 121.49 - Second Reading
An Ordinance amending the Kenton County, Kentucky Code of Ordinances re: Kenton County Policy Manual and County Administrative Code.**

Treasurer Kurt Greivenkamp stated that the budget adjustments are \$13,000 for gasoline at the Detention Center, and \$250,000 for medical claims both coming from reserves. Then \$20,000 for equipment repairs at Fleet also coming from reserves. That is cleaning up medical claims, as we are just now hitting the budgeted amount for that. This will get us through June.

Commissioner Sewell made the motion for approval; seconded by Commissioner Nienaber. Judge/Executive Kris Knochelmann called for a voice vote, and the motion passed unanimously 4-0.

- B. Ordinance 121.50 - First Reading
An Ordinance enacting and adopting a supplement to the Code of Ordinances of the County of Kenton, Kentucky.**

Administrative Reporting

Technology Services

Jessica Ramsey stated she is going to report on the incident at the Dispatch Center. We had multiple weather events last month, and it really showed to us the value of having that all building UPS device that we talked about last month. Between now and then, we did put in some smaller UPS devices on our server infrastructure, on our switches and on the computers that the 9-1-1 operators use. That helps us whenever we do have one situation fail at the building because we've got plenty of redundancy. During the time that dispatchers were working at 1840 Simon Kenton Way, we were able to get a lot of work done at dispatch. She is proud of all of this work that got done. There were some power outages this past weekend, and during that we had a little bit of a power flicker. Dustin went out to try and see what caused this, and it was human error. At least it wasn't the expensive equipment we just purchased. Secondly, this year one of the goals she has for the department is to offer some more training to people at different facilities based on some feedback we've gotten from some of the agencies. In a couple of weeks we're going to have our first training session on how to use the chambers meeting room. Michelle's going to lead it, and we'll go through how to run a meeting, how to use all of the AV equipment in there and do some sort of basic troubleshooting. She is looking forward to getting some feedback from the people who attend that to see what can be improved going forward.

Commissioner Draud asked how long we had to operate the backup center for Dispatch?

Jessica Ramsey answered that she believes it was two weeks, and it was the first time we ever had to use it. It was nice to make sure that everything was working properly. She learned a lot about some of the laptops and everything we have in there, and it helped her make some decisions on what to budget for next year when we do replacements in terms of the specs for the laptops.

External Affairs

John Stanton stated that today was day six of the state budgets of the State Legislative session six out of 60. It is a budget year, and he thinks most everybody would agree that the first five days are usually the least interesting five days in the General Assembly. He thinks by the time he reports again, there will be a lot more to report. He does want to mention that we've always been fortunate over the years to have great support from Public Works in terms of our presentations. After all these years, the road plan still remains a little bit of a mystery to him. Nick Hendrix set a high bar for our ability to communicate with our legislative caucus. He really wants to congratulate Spencer Stork and Brandon Seiter, because he thinks they've taken that even up another step. They have done a great job with communicating with our folks down there regarding the needs in the county.

Mr. Stanton then stated that he would like to mention SparkHaus. He thinks outside of Blue North, he may be giving more tours of SparkHaus than anybody else. It is all good news as 33 out of the 35 offices there are rented, and at least over 300 folks are members. Dave Knox, Mitko, and Reese are all doing a great job there. Since September 22nd, when it opened, they've hosted over 70 events and over 3,000 people. There was also a pretty substantial delegation from the University of Kentucky up here last week to see what's happening in Covington. They were all folks who were here for the first time to visit the site for the future medical school. That went extremely well, and again it's kind of a team effort. He thanked Gina Douthat for helping to facilitate and make that stuff go very quickly.

Mr. Stanton then stated that the Age Well study is now beginning to enter its final phases. There should be a public soon with some of the recommendations that Laura Allen and her team have made. He believes there will be some action taken in 2026 based on the recommendations that are there in the report.

Lastly, Mr. Stanton stated that good work is going on with Corey Eimer and Vicki Berling at Northern Kentucky Works. Corey came in and met and updated us on their 2026 work agenda, and he thinks we're going to continue to see a good trajectory there as far as engagement.

Public Works

Spencer Stork stated that his department made it through the first big couple of snow and ice events this season. Everything went very well, and the salt dome is fully stocked again. Next up, we have our Christmas tree mulching event going on, so if you have Christmas trees that you want to get rid of and get them mulched up this event is for you. They are used for the fish and wildlife, you can check out our website for locations for dropping those off. Also, they recently celebrated three graduates from Public Works from the Roadmaster and Road Scholar Program. It is a very good program with a lot of educational classes and training for all our staff to go through.

Judge Knochelmann asked Mr. Stork to make a comment on the kick off meeting with the Transportation Plan.

Mr. Stork stated that during his last update he said that we were getting ready to get that process going with the Transportation Plan update. We did have a kickoff meeting this week, and

everything went well. We have a good plan moving forward, and we'll be executing that throughout this year.

Commissioner Draud asked who did the patchwork in front of Highland Cemetery?

Mr. Stork answered that it was KYTC.

Commissioner Draud stated that they did a good job with it. Also, his other question is do they train the people that are applying the asphalt to the road to make it even with the sewer lids, because there should be some training with that. You can go up and down Dixie Highway, and it must be 10 or 12 where you go over a bump.

Mr. Stork stated that there are some classes about asphalt placement, but sometimes with the utilities you end up having issues like that depending on if you can get the right risers and how close they are to other utilities or concrete curbs.

Animal Services

Kelly Sauer stated that she just wanted to take this opportunity to do a little recap on 2025 Animal Services. The year brought many changes to Kenton County's Animal Services Department. We upgraded our foster and volunteer program with a more defined structure and volunteer management software, expanded our surrender diversion counseling and resources, updated and implemented new policies regarding cleaning, handling medical appointments, trap and a release, euthanasia data collection and post adoption support. We even implemented an Animal Control Officer Ordinance study group, which actually turned out to be a lot of fun. All of this happened with the intent of moving us one step closer to making data and purpose driven decisions and working more efficiently. Some of those changes are evident in the numbers. From closing of the year last year we took in over 2,417 animals, which was actually down 465 from 2024. We had a reduction of 233 owner surrenders alone which is really nice. She thinks some of those diversion programs are paying off as they increased the owner returns by 66 pets, transferred 262 animals to rescues and did 1,506 adoptions, which was up from 2024 as well. They also reduced the total euthanasias from 2024 by 62 animals, bringing the live release rate up to 96 which is the highest it's ever been. They logged 3,799 volunteer hours and had 1,153 animals placed in foster homes last year. They are off to a really great start. In better news, they did take in 13 emergency chihuahuas today, so if anybody's interested in fostering please let her know.

Treasury

Treasurer Kurt Greivenkamp stated that he needs the record to reflect that the financial reports for December, 2025, have been submitted

County Administrator 's Report

County Administrator Joe Shriver had nothing to report.

County Attorney 's Report

County Attorney Stacy Tapke had nothing to report.

Commissioners ' Reports

Commissioner Draud

Commissioner Draud had nothing to report.

Commissioner Beth Sewell

Commissioner Sewell had nothing to report.

Commissioner Joe Nienaber

Commissioner Nienaber stated that he is glad the filing deadline came and went, and is happy for everybody who signed up to run. He wishes everybody luck, and it has been a pleasure to serve in the worlds that we have. He is looking forward to the last year that he has here with this great group.

Judge/Executive Kris Knochelmann

Judge Knochelmann stated that Dr. Draud decided not to file to serve again, but we'll make plenty comments about him for this next year. We have a lot of work to do, but very justly, we acknowledge your great work. As he said to the reporter, it's funny when we came in here 11 years ago or so weren't always on the same page but it's been wonderful to form a great friendship. He has the utmost admiration and respect for Dr. Draud and his passion for the county and Kentucky.

Adjournment

Having completed all business before the Court, Commissioner Draud offered a motion to adjourn which was seconded by Commissioner Sewell. Judge/Executive Knochelmann requested a voice vote whereupon all members present voted in the affirmative with a 4-0 vote.

**Economic Development Project
Memorandum of Understanding**

This Economic Development Project Memorandum of Understanding (“**MOU**”) sets forth the principal terms under which the **City of Covington, KY (“Covington”)**, **The Northern Kentucky Port Authority (“NKY Port”)**, **Kenton County, KY (“Kenton County”)**, and the **Catalytic Development Funding Corp. of Northern Kentucky (“Catalytic Fund”)** (collectively, the “**Parties**”), intend to participate in the economic development opportunity of certain real property commonly known as the Duro Bag Site in Covington, Kenton County, Kentucky (the “**Project**”) which is more particularly depicted on Exhibit A attached hereto. The Parties understand and agree as follows:

1. Purpose and Mission. The Parties wish to collaborate on this Project to promote historic preservation where financially and economically feasible and stimulate economic development, with the shared goal of advancing the well-being of the community and the broader region. Recognizing the strategic importance of the Project’s location, the Parties are committed to revitalizing the area to attract new residents and businesses, enhance livability, and foster long-term growth and prosperity.

2. Funding of NKY Port’s Purchase of Project. The NKY Port has entered into a Real Estate Purchase Agreement with seller CS Madison, LLC, to purchase the Project for the purchase price of \$4,500,000 (the “Purchase Price”). The Parties agree to contribute to the financing of the Purchase Price, due diligence, acquisition costs, and closing costs related to the purchase of the Project as follows (each an “Investment”):

- a. Kenton County \$2,000,000
- b. Covington \$1,500,000
- c. NKY Port Authority \$1,175,400
 - i. Which includes a portion of a loan from the Catalytic Fund for up to \$1,500,000 (as lender with first mortgage) on the terms and conditions that are more particularly described on Exhibit B attached hereto (“**Catalytic Loan**”).

3. Responsibility of Parties Prior to Project Purchase Closing; Title. The NKY Port will manage the due diligence process and will keep the remaining Parties reasonably informed of developments in the process. In the event that Covington has any real estate interests in the Project, Covington agrees to take all necessary actions to quit-claim and/or vacate any and all of its real estate interests that Covington may have within the Project, in order to create a consolidated Project site as depicted. In the event that the NKY Port desires to acquire right-of-way from the Commonwealth of Kentucky (“**Commonwealth**”) to be included in the Project or that is necessary to create a consolidated Project site, the NKY Port shall bear the costs to secure the transfer of any parcel owned by the Commonwealth. NKY Port will contract with surveyor to prepare the necessary legal descriptions. Upon closing, the NKY Port will serve as tax-exempt owner of the Project.

4. **Project Development Committee.**

a. Meetings and Voting. Each of the Parties shall appoint an individual to consistently serve as its liaison and point person with regard to information sharing on the Project. This person shall also serve as the appointing party's representative on a committee responsible for directing the preparation of the Project for economic development and selecting a qualified purchaser (the "**Project Development Committee**"). The Project Development Committee shall meet no less frequently than twice per month to discuss the general status of the Project. Each member of the Project Development Committee shall have one (1) vote. The Project Development Committee shall unanimously agree with respect to Major Activities.

b. Authority. The Project Development Committee's approval of the NKY Port's actions with respect to the Project shall only be required for the following activities (collectively, "**Major Activities**"):

- i. any alteration, maintenance, repair or replacement of the Project that individually or collectively (A) will be in excess of \$50,000, or (B) would have a material adverse effect with respect to the Project's registration on the National Register of Historic Places;
- ii. the entering into any lease or license for all or any portion of the Project;
- iii. the engagement of a third party property manager for the Project;
- iv. the selection of a third party developer ("**Developer**") and/or end user to transfer the Project to and the development plan/property use proposed by the Developer/end user for the ultimate end-use of the Project ("**Development Plan**"); and
- v. any action that would require a Party to increase its Investment in the Project or the NKY Port to request an increase in the maximum principal amount of the Catalytic Loan.

Other than Major Activities, but subject to the terms of the Catalytic Loan, the NKY Port will be responsible for the management of the Project prior to its transfer to a Developer.

c. Impasse and Option to Purchase. In the event that unanimous consent cannot be reached by the Project Development Committee with respect to a Major Activity ("**Impasse**"), then for a period of ninety (90) days after the vote where unanimous consent was not reached ("**Option Period**"), Covington shall have the option to purchase the Project from the NKY Port ("**Option**") by providing written notice to the Parties that it elects to exercise the Option pursuant to the terms and conditions set forth on Exhibit C attached hereto. If the Option is not exercised during the Option Period, the Option shall be deemed extinguished in that instance, but shall be renewed in the event of a future Impasse. This Option shall also automatically terminate and expire upon the transfer of the Project from the NKY Port to the selected Developer. Covington shall execute any documentation reasonably requested by a title company to release and terminate this Option at such closing.

d. Historic Preservation. To the extent it is financially feasible and the viability of the Project is maintained, the Parties agree that one of the top priorities with respect to the Project is historic preservation and that demolition or substantial alteration of the historic aspects of

the Project will be avoided wherever reasonably and financially possible. (See Map of Project site construction dates, attached hereto as Exhibit D.)

5. **Rental Income and Expenditures Relating to Project.**

a. Income and Expenditures. The NKY Port shall collect rents, if any, and other income (collectively, "**Income**"), if any, and pay expenditures relating to the Project, including, without limitation, a third-party property management fee, any development services fee, operating expenses such as insurance, utilities, and debt service with respect to the Catalytic Loan which is more particularly set forth in the Budget (defined below). All Income and expenditures shall flow through a specific project account that provides a financial record to track the Project's specific expenses and revenue ("**Account**"). Any monthly Income remaining after NKY Port pays the debt service and any other expenditures or costs related to the Project ("**Net Income**") shall remain in the Account to cover costs that may arise with respect to the Project relating to the preparation of the Project for sale or the operations, maintenance, repairs, and/or replacement of the Project. The NKY Port shall report on the Project's expenses and Income to the Project Development Committee upon request, and with no less frequency than quarterly. Any Net Income remaining upon the sale of the Project by the NKY Port shall be distributed pursuant to Section 9 of this MOU.

b. Reserves. The Parties acknowledge that the Project is not generating Income as of the date of this MOU. The Project Development Committee shall work diligently to reduce carrying costs associated with the Project while no Income is being generated. However, pursuant to the initial Budget attached hereto as Exhibit E ("**Budget**") and to facilitate the acquisition, the Parties agree that up to \$1,024,600 of the Catalytic Loan shall be held back at closing as reserves for the operation of the Project ("**Reserves**") which may be drawn upon by the NKY Port pursuant to the loan agreement between Catalytic Fund and NKY Port executed at closing.

Notwithstanding anything in this MOU to the contrary and subject to the terms and conditions of the Catalytic Loan, the NKY Port shall be permitted to pay for expenditures from the Reserves if the Project fails to generate Income sufficient to cover such costs, including, without limitation, debt service payments under Catalytic Loan, or any other costs to operate, maintain, repair, or replace the Project.

c. Development Services Fee. The Catalytic Fund, for their consultation on the process to analyze alternative development scenarios and Development Plans for the Project and the ultimate selection of a Developer; preparation of financial modelling of development scenarios for the Project, market analyses of potential Project uses, and fiscal and community development impact analysis; evaluation and sourcing of public incentives; assembly of the capital stack necessary to complete the financing of a selected Development Plan; consultation on attracting developers, Developer vetting and selection; and any other services the Project Development Committee reasonably determines that the Catalytic Fund has capabilities to provide shall charge a development services fee of \$50,000 per each year the Catalytic Loan is outstanding. Additionally, as consideration for the Catalytic Fund's development services prior to and during the acquisition process, the Catalytic Fund shall be paid \$25,000 payable at the closing of the Catalytic Loan as set forth on Exhibit B attached hereto. This development

services fee is in addition to the Catalytic Fund's loan origination fee and closing cost reimbursement as stipulated in its term sheet attached to this document in Exhibit B. The development services fees and Catalytic Loan closing costs shall be part of the Budget.

6. Joint Communication Strategy Relating to Project. The Parties agree to work together to develop a joint communication strategy concerning the Project. The Project Development Committee shall have collective oversight of the communication strategy.

7. Interactions with Potential Purchasers. The Parties expect that potential purchasers or potential tenants may reach out to one or more of the Parties separately relating to the Project, their interest in the Project, and/or seeking information concerning the Project. The Parties agree to communicate to the potential purchasers, potential tenants, and other interested parties as to the agreed decision-making authority of the Project Development Committee, and to pass along information concerning any potential purchasers or potential tenants to the Project Development Committee for evaluation. The Project Development Committee will jointly develop a disposition plan which may entail issuing a RFQ or RFP as necessary or desired.

8. Anticipated Development Timeline.

a. Initial Research and Feasibility. Within approximately six (6) months of the NKY Port's acquisition of the Project: (i) with input from the Parties, the Catalytic Fund shall initiate a process to develop and analyze potential development scenarios for the Project that will include, without limitation, the convening of local real estate professionals to tour the Project and provide feedback regarding the Project's development, obtaining conceptual land use plans and development schematics to provide a basis for market and feasibility analysis for alternative development scenarios (the cost for such plans and schematics shall be funded through the Catalytic Loan as set forth on the Budget), and conducting initial market analysis, cost estimation, and feasibility analysis with respect to the development of the Project through its internal processes; (ii) Covington shall prepare and submit any information or applications necessary to list the Project on the National Register of Historic Places at Covington's sole cost and expense, in collaboration with the NKY Port; and (iii) the NKY Port shall continue to evaluate the Project for any necessary improvements to stabilize the Project for development, including, without limitation, asbestos remediation.

b. Developer Solicitation. Within approximately twelve (12) months of the NKY Port's acquisition of the Project and after the Catalytic Fund discusses its initial market analysis and feasibility with the Project Development Committee, the Project Development Committee shall determine the process for attracting developer/end user proposals for the Project which may include, without limitation, the engagement of a commercial real estate broker. Based on the selected method of solicitation, the Catalytic Fund shall create an RFP or document in collaboration with the Project Development Committee that will be used to assist the Project Development Committee to solicit a Developer for the Project.

c. Selection of Development Plan. Within approximately twenty-four (24) months of the NKY Port's acquisition of the Project, a Developer with an approved Development Plan may be selected by the Project Development Committee.

d. Transfer of Project. Within approximately thirty-six (36) months of the NKY Port's acquisition of the Project, the Project may be transferred to a Developer pursuant to the selected Development Plan.

Notwithstanding the foregoing, the Parties acknowledge that the timelines set forth above are aspirational and non-binding, and serve the purpose of encouraging the delivery of a project for the region within a general timeframe, and that conditions beyond the Parties' control such as the real estate product markets, capital markets, material costs, etc., may impact these timelines.

9. Distribution of Proceeds Upon Sale of Project. Upon the sale of the Project, the Parties shall distribute the proceeds of the sale and any Net Income as follows:

a. The Catalytic Fund shall first be repaid for its Loan in full and in accordance with the terms of its loan agreement with NKY Port;

b. After the Catalytic Fund is paid in full, the NKY Port shall (i) be permitted to cover any closing costs related to the transfer of the Project, including its reasonable attorney's fees related to the acquisition, development and sale of the Project, and (ii) shall be reimbursed in full for its financial contributions to the Project, including any out-of-pocket costs not covered by the Reserves, including, without limitation, any interest payments with respect to the Catalytic Loan, and its Investment (less the portion of the Catalytic Loan that was used for Project acquisition costs);

c. After and if the NKY Port is reimbursed in full, Covington shall be reimbursed for its Investment;

d. After and if the NKY Port and Covington are reimbursed in full, Kenton County shall be reimbursed for its Investment; and

e. After and if the NKY Port, Covington, and Kenton County are reimbursed in full, any remaining proceeds and Net Income shall be used for any developer incentives and infrastructure needs deemed necessary to support the execution of the Development Plan.

10. Authority to Sign. Each individual signing this MOU on behalf of a Party warrants that the individual has been duly authorized to execute this MOU and to bind that Party on whose behalf the individual is signing; provided, however, nothing in this MOU shall be deemed a waiver of any approval necessary from any public or political authority such as a city council or fiscal court with respect to any term of this MOU.

11. No Joint Venture. Each Party to this MOU is an independent entity and the Parties shall not be construed for any purpose to be partners, joint venturers, agents or associates of the other Parties.

12. Notices. Any notices, communications and waivers under this MOU shall be in writing and shall be (i) delivered in person, (iii) sent by overnight express carrier, or (iii) sent via e-mail provided that the recipient acknowledges receipt of such e-mail, addressed in each case as follows:

13. Amendment. This MOU is the complete and entire understanding between the Parties with respect to its subject matter and can be changed only by an instrument in writing signed by all of the Parties.

14. Severability. If any provision of this MOU is deemed to be invalid by reason of the operation of law, or by reason of the interpretation placed thereon by any administrative agency or any court, the Parties shall negotiate an equitable adjustment in the provisions of the same in order to effect, to the maximum extent permitted by law, the purpose of this MOU and the validity and enforceability of the remaining provisions, or portions or applications thereof, shall not be affected thereby and shall remain in full force and effect.

15. Survival. The Parties agree to execute any documentation reasonably requested by a title company to release or terminate this MOU in order to deliver title free and clear to the Developer.

16. Right of Access. Upon not less than twenty-four (24) hours' prior notice to NKY Port and the Project Development Committee, each Party, and its respective officers, employees, agents, contractors, consultants, and invitees, shall have the right to enter upon and access the Project at reasonable times for any lawful purpose related to inspection, investigation, monitoring, planning, due diligence, compliance, or any other purpose consistent with this Memorandum of Understanding, provided that such access does not involve invasive testing or invasive due

diligence or materially damages, destroys, or permanently alters the Project. All Parties shall exercise such access in a reasonable manner and shall use commercially reasonable efforts to minimize interference with the activities or interests of the other Parties.

Catalytic Loan Term Sheet

The Catalytic Fund

209 Greenup Street, Ste. 430
Covington, KY 41011

January 8, 2026

Northern Kentucky Port Authority
Attn.: Ms. Christine Russell
Executive Director, Northern Kentucky Port Authority
209 Greenup Street, Suite 400
Covington, KY 41011

Dear Ms. Russell:

Please be advised that, subject to the terms and conditions set forth below, Catalytic Development Funding Corp. of Northern Kentucky (the "Catalytic Fund") has approved a loan secured by real property located at 1301 Madison Avenue, Kentucky 41011 (the "Project" or "Property") in the amount of One Million Five Hundred Thousand and 00/100 Dollars (\$1,500,000.00) ("Loan") to the Northern Kentucky Port Authority (the "Applicant") to provide funds to facilitate the acquisition of the Property. This approval is contingent upon compliance with all the terms and conditions as outlined below.

- Approval:** This approval is based upon and shall remain contingent upon the continued validity and accuracy, without adverse material change, of all of the information and material submitted to the Catalytic Fund by the Applicant in connection with the application for this loan.
- Expiration:** This commitment will expire ten (10) days from the date herein, unless that time is extended in writing by the Catalytic Fund, or upon the Applicant's earlier written notification to the Catalytic Fund that the Applicant does not desire to obtain this Loan.
- Loan Term:** Thirty-six (36) months from the date the Applicant and Catalytic Fund execute the Loan Documents (the "Closing Date").
- Interest Rate/
Payments:** The Loan shall be "interest only" and shall bear interest at a rate of 6% payable monthly on the outstanding principal balance. INTEREST CALCULATION METHOD. Interest on the Note is computed on a 365/360 basis; that is, by applying the ratio of the interest rate over a year of 360 days, multiplied by the outstanding principal balance, multiplied by the actual number of days the principal balance is outstanding. All interest payable under the Note is computed using this method.

**Applicant's
Required Equity:**

Applicant shall be required to invest cash of at least \$4,200,000 into the costs of the Project, which equity will be invested in the form of:

- (a) \$2,000,000 in the form of grant funding from Kenton County;
- (b) \$1,500,000 in the form of grant funding provided by the City of Covington;
- (c) \$700,000 provided by Borrower for certain Project Costs either funded prior to the Loan closing or as incurred;

Other Financing:

No senior or subordinate financing or similar encumbrances on the Property or equity interests in Applicant (excluding the Loan) will be allowed either on a secured or unsecured basis; provided, however, that Guarantor and/or its affiliates and/or partners of Applicant shall be permitted to make subordinate unsecured loans to Applicant from time to time during the term of the Loan for the purposes of payment by Applicant of monthly payments of principal and/or interest on the Loan and/or for the payment of operating deficits of the Project, which loans may be repaid by Applicant at any time that there does not then exist an Event of Default under the Loan Documents.

Loan Advances:

All advances of Loan proceeds will be based upon a standard draw process, on an actual dollars incurred basis, which shall ultimately be governed by the Loan Documents. This formalized draw process will include, but is not limited to, the following: (i) procedures regarding invoices required per advance; (ii) lien waiver submission; and (iii) provisions for the reallocation of budgetary line items within the Project budget.

**Prepayment
Premium:**

Applicant may prepay the loan at any time without premium or penalty.

Loan Fee:

Borrower shall pay a fee to Lender as consideration for arranging and providing the Loan equal to 200 basis points (2%) of the Loan Amount. Such fee shall be payable at closing of the Loan.

**Development Services
Fee:**

As consideration for Lender's development services to date, including the arranging of the acquisition capital stack, its services relating to due diligence, and financial modelling of the Project, Borrower shall pay Lender a development services fee of \$25,000 at Loan closing. For ongoing development services provided to the Project Development Team during the term of the Loan, Borrower

shall pay Lender a development services fee of \$50,000 per year, each year the Loan is outstanding with the first \$50,000 installment due one year after the Loan closing date. Lender's development services shall include financial modelling of development scenarios for the Property, market analyses of potential Property uses, fiscal and community development impact analysis, evaluation and sourcing of public incentives, assembly of capital stack necessary to complete financing of selected development plan, consultation on site marketing to developers, developer vetting and selection, and any other services the Project Development Team requires that Lender has capabilities to provide.

Loan Closing Attorney

Fee:

Borrower shall pay \$15,000 for Lender's in-house legal fees associated with documenting and closing this Loan. Borrower shall also pay any other third-party expenses of Lender related to this Loan, including, without limitation, appraisal and outside counsel legal fees. The Borrower and any Guarantor acknowledge and agree that Michelle E. Reid, Esq. as General Counsel to the Lender will only represent the Lender as legal counsel in this transaction, or any transaction related hereto. Any documents prepared by the General Counsel in connection with the closing or the Property will be created solely to satisfy the Lender's requirements and the General Counsel shall not represent the Borrower or Guarantor at any time.

Collateral:

Among other things:

- (a) First mortgage on the (i) fee simple interest in the land and (ii) all improvement, equipment, fixtures and other personal property now or hereafter located thereon together with a security interest in all leases, if any, rents, security deposits, contracts, accounts, general intangibles and related property;
- (b) An Assignment of Rents and Leases with respect to the Property
- (c) A repayment guarantee from Northern Kentucky Port Authority, a Kentucky quasi-governmental entity, equal to but not greater than the total indebtedness (the "Guaranty"). The Guaranty shall terminate upon the full repayment and satisfaction of the Loan.

**Loan in Balance/
Equity Call:**

During the term of the Loan, the Catalytic Fund shall have the option to require that the Applicant deposit with Catalytic Fund, within thirty (30) days after notification, such additional funds in

excess of the undisbursed Loan funds as the Catalytic Fund, in its sole but reasonable discretion, may determine to be necessary to maintain the improvements of the Project and to pay other costs or expenses (including, without limitation, interest expense) in connection with the Project through the date that completion occurs. The intent of the foregoing is that Applicant keep the Loan "in balance" at all times until the sale of the Project. The Catalytic Fund shall not be obligated to make disbursements at and during any time period during the term of the Loan during which Catalytic Fund determines in their sole but reasonable discretion that the Loan is not in balance.

Transferability: No direct or indirect transfer of any legal, membership/shareholder, or beneficial interest in the Applicant (including any constituent member or partner) or the Property will be permitted.

- Conditions:**
- (a) The Applicant and the Catalytic Fund shall enter into a written loan agreement and such other documents as may be reasonably required, satisfactory to the Catalytic Fund and Applicant, providing for usual and customary representations and warranties, negative covenants, and affirmative covenants, specific insurance requirements, and such other terms and conditions as may be acceptable to the Applicant and to the Catalytic Fund.
 - (b) A loan agreement will be used, which may contain among other things restrictions on loans, investments, dividends and redemptions, mergers, sales of assets not in the ordinary course of business, issuance of securities, and change of corporate control, and provisions relating to maintenance of insurance, books and records, notices of default and other events, and compliance with other agreements.
 - (c) The Applicant shall provide the Catalytic Fund with an opinion of counsel issued by attorneys acceptable to the Catalytic Fund on such aspects of the loan transaction as the Catalytic Fund may reasonably require.
 - (d) Catalytic Fund shall receive and approve (in its sole discretion) a Phase I, and if necessary, Phase II environmental assessment of the Property;
 - (e) Catalytic Fund shall receive and approve documentation acceptable to the Catalytic Fund (in its sole discretion) confirming that the Applicant's proposed use of the Property will

be in compliance with applicable zoning ordinances and all appropriate permits and approvals for such renovation have been received by Applicant;

- (f) Catalytic Fund shall receive and approve (in its sole but reasonable discretion) Applicant's pre-development budget and sources and uses of all funds.
- (g) All draw activity shall be monitored per Lender's disbursement guidelines which will be more particularly set forth in the Loan Documents;
- (h) The applicant agrees that should a default exist under the Loan, including failure to pay upon final maturity, the interest rate on the loan shall be increased by adding a 5.000 percentage point margin ("Default Rate Margin"). The Default Rate Margin shall also apply to each succeeding interest rate change that would have applied had there been no default. However, in no event will the interest rate exceed the maximum interest rate limitations under applicable law. The interest rate increase will begin on the fifth (5th) day after the scheduled due date of any payment and include any and all amounts due and owing at final maturity of the Note. Once the default is cured, the interest rate will return to the rate provided in the Note from the date the payment is made curing the default. The default interest rate may result in increased payment amounts and may increase the final payment due at maturity.
- (i) Satisfactory completion (in Catalytic Fund's sole and absolute discretion) of Catalytic Fund's closing/underwriting requirements and Catalytic Fund's real estate and legal due diligence review (including, without limitation, title, survey, appraisal, insurance, environmental report, and Borrower and Guarantor financial statements). Such reports must be (i) dated within six (6) months of the Closing Date unless Lender agrees to accept reports dated earlier; and (ii) be either addressed directly to Catalytic Fund or if not addressed to Catalytic Fund, Applicant must obtain reliance letters which are satisfactory to Catalytic Fund. Borrower agrees to address any areas of concern listed noted in the environmental report and provide evidence that these areas of concern were addressed during the term of the Loan.
- (j) The following shall be included as events of default under the Loan: (i) a change in the identity of the Executive Director of

Applicant; and (ii) such other usual and customary defaults contained in the Loan Documents.

**Project Capitalization
& Pro Forma:**

Exhibit A attached provides the anticipated Sources and Uses of Funds/Project Capitalization Schedule.

Documents:

All Loan documents shall be prepared by the Catalytic Fund's counsel at Applicant's expense and shall be acceptable to Catalytic Fund and Applicant.

Due Diligence:

All due diligence must be acceptable to Catalytic Fund in its reasonable discretion and must be provided by Applicant at Applicant's sole cost, including the reimbursement of Lender for any third-party costs and expenses.

**Reporting
Requirements:**

Applicant shall maintain full and correct books and records open to Catalytic Fund's inspection showing in detail the income, expenses and earnings of Applicant and Applicant shall provide Catalytic Fund with the following financial information:

- (a) Within ninety (90) days from the end of each calendar year, or as requested from time to time by Catalytic Fund, an annual unaudited financial statement consisting of a balance sheet, together with a complete statement of annual income and operating expenses of Applicant and a rent roll for the Property (if applicable), certified by an officer of Applicant and on forms proscribed by, or satisfactory to, Catalytic Fund. Notwithstanding the foregoing, Catalytic Fund agrees to accept the same format and form of such annual financial statements of Applicant as previously submitted to Catalytic Fund;
- (b) Within ninety (90) days from the end of each calendar year, or as requested from time to time by Catalytic Fund, an annual unaudited financial statement on forms proscribed by, or satisfactory to, Catalytic Fund. Notwithstanding the foregoing, Catalytic Fund agrees to accept the same format and form of such annual financial statements of Guarantors as previously submitted to the Catalytic Fund; and

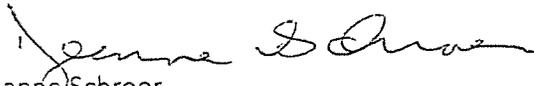

(c) Within thirty (30) days after the date of filing, tax returns (state and federal) together with all schedules attached thereto and all requests for extensions for Applicant and each Guarantor.

Notwithstanding anything to the contrary, the Lender shall not be construed for any purpose to be a partner, joint venturer, agent or associate of the Borrower or of any lessee, operator, concessionaire or licensee of the Borrower in the conduct of its business.

This Loan shall be made by Catalytic Fund only upon all of the terms and conditions set out above. If this offer is accepted by Applicant, subject to all of the above terms and conditions, please execute this letter and return it to Catalytic Fund no later than ten (10) days from the date herein. If the acceptance of this is not received by Catalytic Fund by that date, it is void.

Exhibit C

Option Terms and Conditions

1. Purchase Price. In the event that Covington exercises the Option, the NKY Port shall be paid in full for the NKY Port's total financial contributions to the Project at Closing. The Option purchase price shall equal the sum of (i) \$4,500,000, plus (ii) all outstanding interest related the initial amount of the Catalytic Loan advanced at acquisition, all outstanding amounts of the Catalytic Loan disbursed from the Reserves and any interest thereon, and any other outstanding cost or fee related to the Catalytic Loan, plus (iii) any additional financial contributions into the Project made by the NKY Port ("Additional Contributions"), including any out-of-pocket costs such as any interest payments paid directly by the NKY Port with respect to the Catalytic Loan (and not from Reserves), and its attorney's fees and costs related to the acquisition, development, and sale of the Project paid directly by the NKY Port (and not from Reserves) ("Option Purchase Price"). The Option Purchase Price shall be payable in full, by wire, on the closing date of the sale to Covington ("Closing").

2. Financing. At Closing, in order to finance the Option Purchase Price:

- a. Covington shall receive a credit for its Investment;
- b. Kenton County shall keep its Investment in the Project; and
- c. Subject to its loan policies and procedures, the Catalytic Fund may permit Covington to assume the Catalytic Loan which Catalytic Loan shall remain in a senior position on the same terms and conditions provided to the NKY Port.

For the avoidance of doubt, it is the Parties intention that, in the event Catalytic Fund permits Covington to assume the Catalytic Loan, Covington would only be required to bring cash to Closing to reimburse the NKY Port for the NKY Port's Investment and Additional Contributions, if any, and to cover any other costs of Closing that Covington is responsible for pursuant to this MOU.

3. Conveyance.

a. No Representations and Warranties. The NKY Port shall transfer the Project to Covington if the Option is timely exercised on an "as-is", "where-is" basis without representations and warranties, except as set forth in the Deed (defined below).

b. Closing, Costs, and Prorations. Closing on the Option shall occur within sixty (60) days of its exercise by escrow with a title company chosen by Covington and the NKY Port shall execute and deliver an insurable special warranty deed ("Deed") conveying fee simple title to the Project, free and clear of all liens and encumbrances not permitted by the terms of this Option. The NKY Port shall be responsible for the cost of (i) deed preparation, (ii) transfer taxes, if any, and (iii) all matters of title clearance to obtain insurable title, if any. Covington shall be responsible for the cost of (i) recording the deed, and (ii) title searches, title commitments, and title insurance premiums. Any other costs of Closing shall be allocated between Covington and NKY Port in

accordance with the local custom in Covington, Kentucky. Notwithstanding the foregoing, Covington shall take title and possession of the Project subject to any interests or leases that were approved by the Project Development Committee. Taxes, rents, and utilities shall be prorated as of the Closing date based upon the most recently available tax duplicate or invoice, as applicable. All such prorations shall be final.

c. Resignation from the Project Development Committee and Forfeit of Proceeds. Upon Closing, the NKY Port shall be deemed to have resigned as a member of the Project Development Committee and the NKY Port would no longer be entitled to any proceeds, including, without limitation, Net Income, from the Project thereafter.

4. Miscellaneous. Prior to Closing and after the timely exercise of the Option, Covington shall have the right to enter upon the Project at all reasonable times to perform non-invasive inspections and investigations of the Project as Covington deems reasonably necessary. Risk of loss shall remain with the NKY Port until Closing. This Option shall not be assigned.

ATTEST:

Fiscal Court Clerk

To: Jailer Marc Fields
From: Lt. Jim Browning
Date: January 21, 2026
Topic: Change in Capital (Kitchen)

Kenton County Detention Center has decided not to proceed with the previously approved Isolation Doors Enclosures Capital Project and instead request the Fiscal Court's approval to utilize the budgeted funds to purchase and install the Walk-in Cooler/Freezer Door Replacements upon completion of the RFP Process. This project will not require a Budget Adjustment.

Memorandum

TO: Kenton County Fiscal Court

FROM: Spencer Stork, Director of Public Works
Tom Hurtt, Fleet Supervisor

DATE: January 27, 2026

RE: Police Department replacement vehicles

The Kenton County Public Works Department is requesting permission from the Fiscal Court to purchase seven (7) 2026 Dodge Durango's from Freedom Dodge utilizing Kentucky MA 758 2300000800 for \$279,062 (\$39,866 each) not including up-fit related costs. These will be marked units. This is a budgeted replacement, based on the vehicle replacement program.

The Kenton County Public Works Department is requesting permission from the Fiscal Court to also purchase one (1) 2026 Dodge Durango from Freedom Dodge utilizing Kentucky MA 758 2300000800 for \$39,621 not including up-fit related costs. This unit will be an unmarked unit. This is a budgeted replacement, based on the vehicle replacement program.

The Kenton County Public Works Department is requesting permission from the Fiscal Court to utilize State MA 758 25000001137 with L&W for seven (7) marked Dodge Durango's, noted above. The cost is \$163,802.38 (\$23,400.34 each) for the up-fit costs. This cost was budgeted as part of the FY26 Police Fleet.

The total cost of \$482,485.38 for the Police Department FY26 vehicles is \$36,608.62 less than the budgeted amount.

This recommendation was discussed and confirmed by Fleet Services Supervisor, Tom Hurtt and Public Works Director, Spencer Stork.

Thank you for your consideration.

RE: Request to accept bid from Riegler Blacktop for renovations of the sport courts at Middleton-Mills Park.

After going through the competitive bid process, it is our recommendation to proceed with Riegler Blacktop for the renovations of the sport courts at Middleton-Mills Park. At Middleton-Mills Park, the project consists of reconstructing the sport courts to include a minimum of four (4) pickleball courts and one (1) full basketball court from its current design of two (2) full basketball courts.

The total cost based on Riegler Blacktop's bid is \$194,000.00. The estimated start date is Spring 2026 with a completion date of Summer 2026.

This project was discussed and included in FY26 capital parks projects budget. Thank you for your consideration and I look forward to answering any questions you might have.

**MEMORANDUM OF UNDERSTANDING BETWEEN THE NORTHERN KENTUCKY
PORT AUTHORITY AND KENTON COUNTY, KENTUCKY
CONCERNING COOPERATIVE FINANCING OF A
GOVERNMENT PROJECT**

WHEREAS, the Northern Kentucky Port Authority (the “Authority”) and the County of Kenton, Kentucky (the “County”) have the authority, pursuant to KRS 65.530 *et seq.* and KRS 67.083 *et seq.*, respectively, to redevelop property and to cooperatively finance governmental projects and services consistent with enumerated powers conferred by statute on fiscal courts and riverport authorities; and

WHEREAS, the Authority and the County have determined that cooperatively financing the improvements of certain property located in Kenton County, Kentucky having an address of 525 Scott Street, Covington, Kentucky 41011 (PIDNs: 054-23-05-014.01, 054-23-05-014.00, 054-23-05-016.00) and being more particularly described in Exhibit ‘A’, attached hereto and incorporated herein by reference, together with all improvements thereupon (collectively be referred to as, the “Property”), that will serve as an economic development accelerator for Northern Kentucky, furthers a necessary public purpose; and

WHEREAS, the Authority and the County have also determined that it is in the best interest of the Authority and the County that they enter into this Memorandum of Understanding (“MOU”) of the cooperative financing terms, each acknowledging that payments made and received pursuant to this MOU for this Project are pursuant to a reimbursement grant from the Kentucky Cabinet For Economic Development; and

WHEREAS, the County and Authority have further determined and do hereby confirm that in order to provide for the cooperative financing of the Project as aforesaid, it is necessary that the Authority and the County memorialize their understanding that amounts payable by the County will be limited to the amount sufficient to enable the Authority to make payments toward completion of the Project or toward reimbursement to the County when due; and

WHEREAS, the Authority requests and the County agrees to provide funding to the Authority for eligible expenditures of Grant Funds, specifically pursuant to the terms and conditions specified herein; and

NOW, THEREFORE, in consideration of the mutual covenants, promises, and representations contained in this MOU and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the County and Authority (“the Parties”) agree as follows:

Section 1. Recitals

The foregoing recitals are true and correct and form a material part of this MOU upon which the Parties relied.

Section 2. Term

This MOU is effective upon full execution by the Parties (the Effective Date”) and will end at completion of the Project as more particularly described in Exhibit ‘B’, attached hereto, and incorporated herein by reference.

Section 3. Grant Funds

- a) Loan Proceeds can only be used to cover Project related expenses that are consistent with restrictions in the Grant from the Kentucky Cabinet For Economic Development.
- b) For the purposes this MOU, the County serves as the pass-through entity for the Grant Funds, and enters into it based on the following representations:
 1. The Authority represents that it is fully qualified and eligible to receive these Grant Funds per the funding requirements.
 2. The County received these Grant Funds from the Kentucky Cabinet For Economic Development and the County has the authority to loan the General Funds to the Authority upon the terms and conditions outlined below.
 3. The County has authority to disburse the funds under this MOU.
 4. The County agrees to provide financial assistance to the Authority in an amount not-to-exceed **\$2,000,000** for the period of the Effective Date through the completion of the Project. The Authority must use this financial assistance only for eligible Project expenses and must spend the funds in accordance with requisite procurement codes.
- c) The Authority must comply with the County's ethical standards and rules for conflicts of interest.
- d) The Authority and the County acknowledge that each has read, understands, will be bound by, and agrees to have carried out, shall carry out, or cause to be carried out the terms, conditions, and services as described in the Exhibits and enumerated below:
 1. EXHIBIT B: PROJECT DETAILS – Overview of Project.
 2. EXHIBIT C: REPORTING REQUIREMENTS – Description of the Authority's reporting requirements. Additional reporting requirements may be identified and required after the execution of this MOU.
 3. PAYMENTS:
 - In order to obtain funds, the Authority must first file with the County its request for a loan advance and any other information required to justify and support the payment request.
 - The County shall verify all documentation received prior to expending Grant Funds under this MOU and may request additional documentation, if needed. Advances and reimbursements will only be made for expenditures that the County provisionally determines are eligible and the County retains the right to deny any requests for Funds under this MOU if, in the County's sole discretion, the request is

not for and documentation does not substantiate an eligible expenditure. The County will put the Authority's request on Claims List and issue check to Port Authority after the subsequent Fiscal Court meeting. The County's provisional determination that an expenditure is eligible does not relieve the Authority of its duty to repay the County for any expenditures that are later determined by the County to be ineligible. County shall not be liable to any vendor, supplier or subcontractor for any expenses or liabilities incurred in connection with the Project and the Authority shall be solely liable for such expenses and liabilities.

- Port Authority pays Project related expenses and submits a reimbursement request to County, including copies of cancelled check(s). Reimbursement requests must include a certification, signed by an official who is authorized to legally bind the Authority which reads as follows:

By signing this request, I certify to the best of my knowledge and belief that the request is true, complete, and accurate, and the expenditures and disbursements are for the purposes and objectives set forth in the terms and conditions of the MOU. I am aware that any false, fictitious, or fraudulent information, or the omission of any material fact, may subject me to criminal and civil liability for fraud, false statements, false claims or otherwise.

- County will put reimbursement request on Claims list and issue check(s) to Authority after the next Fiscal Court meeting.
- Authority repays loaned amount within ten days of receipt of funds to do so.

Section 4. Enforcement

Authority certifies that the information it provides is complete, accurate, and current demonstrating its eligibility to receive the Grant Funds. Authority is liable for recapture of Grant Funds if any representation made in the advancement or reimbursement requests, reporting or supporting documentation is at any time false or misleading in any respect, or if the Authority is found in non-compliance with laws, rules or regulations governing the use of the Funds provided pursuant to this MOU. The provisions of this Section 4 shall survive the termination of this MOU.

Section 5. Recapture of Expenses

- A. Any funds that are not expended as authorized under this MOU must be refunded to the County within ten (10) days of receipt of written notice provided by the County.
- B. Any funds that are not expended within the anticipated timeframe under this MOU are subject to recapture. If requested, a refund to the County must be made within ten (10) days of receipt of written notice for a refund provided by the County.

- C. The County's determination that an expenditure is eligible does not relieve the Authority of its duty to repay the County in full for any expenditures that are later determined by the County to be ineligible expenditures or the discovery of a duplication of benefits.
- D. If requested by the County, all refunds, return of improper payments, or repayments due to the County under this MOU are to be made payable to Kenton County Fiscal Court and mailed directly to the County.
- E. The Authority has responsibility for identifying and recovering Grant Funds that were expended in error, disallowed, or unused. The Authority will also report all suspected fraud to the County.

Section 6. Maintenance and Review of Records

The Authority shall maintain all records and accounts, contractual agreements, memoranda of understanding, subcontracts, proof of insurance, and any other records related to the Project or resulting from the MOU to assure a proper accounting and monitoring of all Grant Funds. If any litigation, claim, negotiation, audit, monitoring, inspection or other action has been started before the expiration of the required record retention period, records must be retained until completion of the action and resolution of all issues that arise from it, or the end of the required period, whichever is later.

With respect to all matters covered by this MOU, records will be made available for examination, audit, inspection or copying purposes at any time during normal business hours and as often as the Parties may require. The Authority will permit same to be examined and excerpts or transcriptions made or duplicated from such records, and audits made of all contracts, invoices, materials, records of personnel and of employment and other data relating to all matters covered by this MOU.

Section 7. Monitoring

The Authority agrees to permit persons duly authorized by the County to inspect all records, papers, documents, and/or interview any clients and employees of the Authority to be assured of satisfactory performance of the terms and conditions of this MOU after giving reasonable notice. The monitoring is intended as a limited scope review and does not relieve the Authority of its obligation to manage funds in accordance with applicable rules and sound management practices.

Section 8. Audits

A. The County may perform an audit of the records of the Authority any time during the Term of this MOU and after final disbursements have been made, even if the Project is complete. Audits may be performed at a time mutually agreeable to the Parties. When conducting an audit, the County must use Generally Accepted Government Auditing Standards ("GAGAS").

B. If an audit shows that all or any portion of the Grant Funds disbursed were not spent in accordance with the conditions of and strict compliance with this MOU, the Authority will be liable for reimbursement to the County of all Grant Funds not spent in accordance with this MOU.

C. If the COUNTY elects to have the Authority perform an audit, the Authority must have all audits completed by an independent auditor as defined by Kentucky Statute. The audits must be received by the County no later than six (6) months from the end of the Authority's fiscal year.

Section 9. Indemnification

The Authority shall indemnify, hold harmless, and defend County from and against any and all liabilities, losses, claims, damages, demands, expenses or actions, either at law or in equity, including court costs and attorneys' fees (at the trial and all appellate levels), that may hereafter at any time be made or brought by anyone on account of personal injury, property damage, loss of monies, or other loss, allegedly caused or incurred, in whole or in part, as a result of any negligent, wrongful, or intentional act or omission, or based on any act of fraud or defalcation or breach of any provision or covenant of this MOU or applicable law by the Authority, its agents, subcontractors, assigns, heirs, and employees resulting from or arising under this MOU.

The provisions of this Section shall survive the termination of this MOU.

Section 10. Termination

This MOU may be terminated by the Parties at any time, with Cause or without Cause, upon not less than thirty (30) days prior written notice delivered to other Party as provided for in this Agreement or, at the option of County, immediately in the event that Authority fails to fulfill any of the terms, understandings, or covenants of this MOU.

Section 11. Remedies

The County may exercise any other rights or remedies, which may be available under law. If the County waives any right or remedy in this MOU or fails to insist on strict performance by the Authority, it will not affect, extend or waive any other right or remedy of the County, or affect the later exercise of the same right or remedy by the County.

Section 12. Equal Opportunity; Non-Discrimination

The Authority shall comply with the requirements of all applicable federal, state and local laws, rules, regulations, ordinances and executive orders prohibiting and/or relating to discrimination, as amended and supplemented. All of the aforementioned laws, rules, regulations, and executive orders are incorporated herein by reference.

Section 13. Governing Laws; Venue

This Agreement and terms and conditions shall be governed by the laws, rules, and regulations of the State of Kentucky, and venue shall be in Kenton County, Kentucky.

Section 14. Public Records Law

This Agreement, including attachments, is subject to disclosure under Kentucky's public records law subject to limited applicable exemptions. The Authority acknowledges, understands, and agrees that, except as noted below, all information in its application and attachments will be disclosed, without any notice, if a public records request is made for such information, and the County will not be liable to the Authority for such disclosure.

Section 15. Independent Contractor

In no event shall any provision of this MOU make County liable to any person or entity that contracts with or provides goods or services to the Authority in connection with this MOU. There is no contractual relationship, either express or implied, between County or any political subdivision of the State of Kentucky and any person or entity supplying any work, labor, services, goods or materials to the Authority as a result of this MOU.

Section 16. Compliance with Applicable Laws

The Authority shall comply with the requirements of all applicable federal, state and local laws and the rules and regulations promulgated thereunder.

Section 17. Notice

Any notice delivered with respect to this MOU must be in writing and will be deemed to be delivered (whether or not actually received) when (1) hand delivered to the persons designated below, or (2) when deposited in the United States Mail, postage prepaid, certified mail, return-receipt requested, addressed to the person at the address for the party as set forth below, or such other or to such other person as the Party may have specified by written notice to the other Party delivered according to this Section:

As to the County:
Joe Shriver
1840 Simon Kenton Way, Suite 5200
Covington, Kentucky 41011

As to the Authority:
Christine Russell
209 Greenup Street, Suite 400
Covington, KY 41011

Section 18. Risk Management

A. Hold Harmless and Indemnity Clause:

○ To the fullest extent permitted by applicable law, the Authority shall protect, defend, indemnify, save and hold the County, its agents, officials, and employees harmless from and against

any and all claims, demands, fines, loss or destruction of property, liabilities, damages, for claims based on the negligence, misconduct, or omissions of the Authority resulting from the its work as further described in this MOU and its attachments, which may arise in favor of any person or persons resulting from the Authority's performance or non-performance of its obligations under this MOU except any damages arising out of personal injury or property claims from third parties caused solely by the negligence, omission(s) or willful misconduct of the County, its officials, commissioners, employees or agents. Further, the Authority hereby agrees to indemnify the County for all reasonable expenses and attorney's fees incurred by or imposed upon the County in connection therewith for any loss, damage, injury, liability, or other casualty. The Authority additionally agrees that the County may employ an attorney of the County's own selection to appear and defend any such action, on behalf of the County, at the expense of the Authority. The Authority further agrees to pay all reasonable expenses and attorney's fees incurred by the County in establishing the right to indemnity.

The Authority further agrees that it is responsible for any and all claims arising from the hiring of individuals relating to activities provided under the MOU. All individuals hired are employees of the Authority and not of the County.

B. Insurance Requirements

The Authority agrees to secure and maintain the insurance coverage outlined below during the term of this MOU. The Authority agrees that this insurance requirement shall not relieve or limit its liability and that the County does not in any way represent that the insurance required is sufficient or adequate to protect the Authority's interests or liabilities but are merely minimums. It is the responsibility of the Authority to ensure that all subcontractors comply with all insurance requirements.

1. Workers' Compensation statutory benefits encompassing all operations contemplated by this MOU to apply to all owners, officers, and employees.
2. Commercial General Liability – Coverage shall apply to premises and/or operations, products and/or completed operations, independent contractors, contractual liability, and broad form property damage exposures with minimum limits of:
\$500,000 bodily injury per person (B.I.)
\$1,000,000 bodily injury per occurrence (B.I.)
\$500,000 property damage (PD) or
\$1,000,000 combined single limit (C.S.L.) of B.I. and P.D.

The General Liability Policy Certificate shall name "Kenton County, a political subdivision of the State of Kentucky, its agents, employees, and public officials" as "Additional Insured". The Authority agrees that the coverage granted to the Additional Insured applies on a primary basis, with the Additional Insured's coverage being excess.

3. Directors & Officers Liability – Entity coverage to cover claims against the organization directly for wrongful acts with limits not less than \$100,000.
4. Fidelity Bonding – Covering all employees who handle the Authority's funds. The bond

amount must be equivalent to the highest daily cash balance or a minimum amount of \$50,000.

Section 19. Disclaimer of Third Party Beneficiaries

This MOU is made for the sole benefit of the Parties and their respective successors and assigns and is not intended to, and will not, benefit any third party. No third party will have any rights under this MOU or any right to enforce any provisions of it.

Section 20. Dispute Resolution

In the event of a dispute related to any performance or payment obligation arising under this MOU, the Parties may by agreement attempt dispute resolution procedures prior to filing a lawsuit or otherwise pursuing legal remedies.

Section 21. Assignment

This MOU may not be assigned nor subcontracted in whole or in part without the prior written consent of the County.

Section 22. Headings

Article headings have been included in the Agreement solely for the purpose of convenience and shall not affect the interpretation of any of the terms of this Agreement.

Section 23. Survivability

Any term, condition, covenant or obligation which requires performance by either Party subsequent to termination of this MOU shall remain enforceable against such Party subsequent to such termination.

Section 24. Modifications

This writing embodies the entire MOU and understanding between the Parties hereto and there are no other agreements and/or understandings, oral or written, with respect to the subject matter hereof, that are not merged herein and superseded hereby. This MOU may only be amended or extended by a written instrument executed by the County and the Authority expressly for that purpose.

Section 25. Entire Agreement

It is understood and agreed that the entire agreement of the Parties is contained in this MOU, which supersedes all oral agreements, negotiations, and previous agreements between the Parties relating to the subject matter of this MOU.

IN WITNESS WHEREOF, the AUTHORITY and the COUNTY respectively, have caused this MOU to be executed by their duly authorized representatives.

**MEMORANDUM OF UNDERSTANDING BETWEEN THE NORTHERN KENTUCKY
PORT AUTHORITY AND KENTON COUNTY, KENTUCKY
CONCERNING COOPERATIVE FINANCING OF A
GOVERNMENT PROJECT**

WHEREAS, the Northern Kentucky Port Authority (the “Authority”) and the County of Kenton, Kentucky (the “County”) have the authority, pursuant to KRS 65.530 *et seq.* and KRS 67.083 *et seq.*, respectively, to acquire and develop property and to cooperatively finance governmental projects and services consistent with enumerated powers conferred by statute on fiscal courts and riverport authorities; and

WHEREAS, the Authority and the County have determined that cooperatively financing the acquisition of certain property located in Kenton County, Kentucky having an address of 1301 Madison Avenue, Covington, Kentucky 41011 (PIDNs: 054-24-05-003-00, 054-24-05-004-00, 054-24-05-001.01, 054-24-05-001.00, 054-24-05-002.00, 054-24-05-001.02, 054-24-05-001.03, 054-24-05-001.04, 054-24-05-001.05) and being more particularly described in Exhibit ‘A’, attached hereto and incorporated herein by reference, together with all improvements thereupon (collectively be referred to as, the “Property”), furthers a necessary public purpose; and

WHEREAS, the Authority and the County have also determined that it is in the best interest of the Authority and the County that they enter into this Memorandum of Understanding (“MOU”) of the cooperative financing terms, each acknowledging that payments made and received pursuant to this MOU for this Project are pursuant to a reimbursement grant from the Kentucky Cabinet For Economic Development; and

WHEREAS, the County and Authority have further determined and do hereby confirm that in order to provide for the cooperative financing of the Project as aforesaid, it is necessary that the Authority and the County memorialize their understanding that amounts payable by the County will be limited to the amount sufficient to enable the Authority to make payments toward the Project; and

WHEREAS, the Authority requests and the County agrees to provide funding to the Authority for eligible expenditures of Grant Funds, specifically pursuant to the terms and conditions specified herein; and

NOW, THEREFORE, in consideration of the mutual covenants, promises, and representations contained in this MOU and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the County and Authority (“the Parties”) agree as follows:

Section 1. Recitals

The foregoing recitals are true and correct and form a material part of this MOU upon which the Parties relied.

Section 2. Term

This MOU is effective upon full execution by the Parties (the Effective Date”) and will end at completion or sale of the Project as more particularly described in Exhibit ‘B’, attached hereto, and incorporated herein by reference.

Section 3. Grant Funds

- a) Loan Proceeds can only be used to cover Project related expenses that are consistent with restrictions in the Grant from the Kentucky Cabinet For Economic Development.
- b) For the purposes this MOU, the County serves as the pass-through entity for the Grant Funds, and enters into it based on the following representations:
 1. The Authority represents that it is fully qualified and eligible to receive these Grant Funds per the funding requirements.
 2. The County received these Grant Funds from the Kentucky Cabinet For Economic Development and the County has the authority to loan the General Funds to the Authority upon the terms and conditions outlined below.
 3. The County has authority to disburse the funds under this MOU.
 4. The County agrees to provide financial assistance to the Authority in an amount not-to-exceed **\$2,000,000** for the period of the Effective Date through the completion or sale of the Project. The Authority must use this financial assistance only for eligible Project expenses and must spend the funds in accordance with requisite procurement codes.
- c) The Authority must comply with the County's ethical standards and rules for conflicts of interest.
- d) The Authority and the County acknowledge that each has read, understands, will be bound by, and agrees to have carried out, shall carry out, or cause to be carried out the terms, conditions, and services as described in the Exhibits and enumerated below:
 1. EXHIBIT B: PROJECT DETAILS – Overview of Project.
 2. EXHIBIT C: REPORTING REQUIREMENTS – Description of the Authority's reporting requirements. Additional reporting requirements may be identified and required after the execution of this MOU.
 3. PAYMENTS:
 - In order to obtain funds, the Authority must first file with the County its request for a loan advance and any other information required to justify and support the payment request.
 - The County shall verify all documentation received prior to expending Grant Funds under this MOU and may request additional documentation, if needed. Advances and reimbursements will only be made for expenditures that the County provisionally determines are eligible and the County retains the right to deny any requests for Funds under this MOU if, in the County's sole discretion, the request is

not for and documentation does not substantiate an eligible expenditure. The County will put the Authority's request on Claims List and issue check to Port Authority after the subsequent Fiscal Court meeting. The County's provisional determination that an expenditure is eligible does not relieve the Authority of its duty to repay the County for any expenditures that are later determined by the County to be ineligible. County shall not be liable to any vendor, supplier or subcontractor for any expenses or liabilities incurred in connection with the Project and the Authority shall be solely liable for such expenses and liabilities.

- Port Authority pays Project related expenses and submits a reimbursement request to County, including copies of cancelled check(s). Reimbursement requests must include a certification, signed by an official who is authorized to legally bind the Authority which reads as follows:

By signing this request, I certify to the best of my knowledge and belief that the request is true, complete, and accurate, and the expenditures and disbursements are for the purposes and objectives set forth in the terms and conditions of the MOU. I am aware that any false, fictitious, or fraudulent information, or the omission of any material fact, may subject me to criminal and civil liability for fraud, false statements, false claims or otherwise.

- County will put reimbursement request on Claims list and issue check(s) to Authority after the next Fiscal Court meeting.

- Authority repays loaned amount within ten days of receipt of funds to do so.

Section 4. Enforcement

Authority certifies that the information it provides is complete, accurate, and current demonstrating its eligibility to receive the Grant Funds. Authority is liable for recapture of Grant Funds if any representation made in the advancement or reimbursement requests, reporting or supporting documentation is at any time false or misleading in any respect, or if the Authority is found in non-compliance with laws, rules or regulations governing the use of the Funds provided pursuant to this MOU. The provisions of this Section 4 shall survive the termination of this MOU.

Section 5. Recapture of Expenses

- A. Any funds that are not expended as authorized under this MOU must be refunded to the County within ten (10) days of receipt of written notice provided by the County.
- B. Any funds that are not expended within the anticipated timeframe under this MOU are subject to recapture. If requested, a refund to the County must be made within ten (10) days of receipt of written notice for a refund provided by the County.

- C. The County's determination that an expenditure is eligible does not relieve the Authority of its duty to repay the County in full for any expenditures that are later determined by the County to be ineligible expenditures or the discovery of a duplication of benefits.
- D. If requested by the County, all refunds, return of improper payments, or repayments due to the County under this MOU are to be made payable to Kenton County Fiscal Court and mailed directly to the County.
- E. The Authority has responsibility for identifying and recovering Grant Funds that were expended in error, disallowed, or unused. The Authority will also report all suspected fraud to the County.

Section 6. Maintenance and Review of Records

The Authority shall maintain all records and accounts, contractual agreements, memoranda of understanding, subcontracts, proof of insurance, and any other records related to the Project or resulting from the MOU to assure a proper accounting and monitoring of all Grant Funds. If any litigation, claim, negotiation, audit, monitoring, inspection or other action has been started before the expiration of the required record retention period, records must be retained until completion of the action and resolution of all issues that arise from it, or the end of the required period, whichever is later.

With respect to all matters covered by this MOU, records will be made available for examination, audit, inspection or copying purposes at any time during normal business hours and as often as the Parties may require. The Authority will permit same to be examined and excerpts or transcriptions made or duplicated from such records, and audits made of all contracts, invoices, materials, records of personnel and of employment and other data relating to all matters covered by this MOU.

Section 7. Monitoring

The Authority agrees to permit persons duly authorized by the County to inspect all records, papers, documents, and/or interview any clients and employees of the Authority to be assured of satisfactory performance of the terms and conditions of this MOU after giving reasonable notice. The monitoring is intended as a limited scope review and does not relieve the Authority of its obligation to manage funds in accordance with applicable rules and sound management practices.

Section 8. Audits

A. The County may perform an audit of the records of the Authority any time during the Term of this MOU and after final disbursements have been made, even if the Project is complete. Audits may be performed at a time mutually agreeable to the Parties. When conducting an audit, the County must use Generally Accepted Government Auditing Standards ("GAGAS").

B. If an audit shows that all or any portion of the Grant Funds disbursed were not spent in accordance with the conditions of and strict compliance with this MOU, the Authority will be liable for reimbursement to the County of all Grant Funds not spent in accordance with this MOU.

C. If the COUNTY elects to have the Authority perform an audit, the Authority must have all audits completed by an independent auditor as defined by Kentucky Statute. The audits must be received by the County no later than six (6) months from the end of the Authority's fiscal year.

Section 9. Indemnification

The Authority shall indemnify, hold harmless, and defend County from and against any and all liabilities, losses, claims, damages, demands, expenses or actions, either at law or in equity, including court costs and attorneys' fees (at the trial and all appellate levels), that may hereafter at any time be made or brought by anyone on account of personal injury, property damage, loss of monies, or other loss, allegedly caused or incurred, in whole or in part, as a result of any negligent, wrongful, or intentional act or omission, or based on any act of fraud or defalcation or breach of any provision or covenant of this MOU or applicable law by the Authority, its agents, subcontractors, assigns, heirs, and employees resulting from or arising under this MOU.

The provisions of this Section shall survive the termination of this MOU.

Section 10. Termination

This MOU may be terminated by the Parties at any time, with Cause or without Cause, upon not less than thirty (30) days prior written notice delivered to other Party as provided for in this Agreement or, at the option of County, immediately in the event that Authority fails to fulfill any of the terms, understandings, or covenants of this MOU.

Section 11. Remedies

The County may exercise any other rights or remedies, which may be available under law. If the County waives any right or remedy in this MOU or fails to insist on strict performance by the Authority, it will not affect, extend or waive any other right or remedy of the County, or affect the later exercise of the same right or remedy by the County.

Section 12. Equal Opportunity; Non-Discrimination

The Authority shall comply with the requirements of all applicable federal, state and local laws, rules, regulations, ordinances and executive orders prohibiting and/or relating to discrimination, as amended and supplemented. All of the aforementioned laws, rules, regulations, and executive orders are incorporated herein by reference.

Section 13. Governing Laws; Venue

This Agreement and terms and conditions shall be governed by the laws, rules, and regulations of the State of Kentucky, and venue shall be in Kenton County, Kentucky.

Section 14. Public Records Law

This Agreement, including attachments, is subject to disclosure under Kentucky's public records law subject to limited applicable exemptions. The Authority acknowledges, understands, and agrees that, except as noted below, all information in its application and attachments will be disclosed, without any notice, if a public records request is made for such information, and the County will not be liable to the Authority for such disclosure.

Section 15. Independent Contractor

In no event shall any provision of this MOU make County liable to any person or entity that contracts with or provides goods or services to the Authority in connection with this MOU. There is no contractual relationship, either express or implied, between County or any political subdivision of the State of Kentucky and any person or entity supplying any work, labor, services, goods or materials to the Authority as a result of this MOU.

Section 16. Compliance with Applicable Laws

The Authority shall comply with the requirements of all applicable federal, state and local laws and the rules and regulations promulgated thereunder.

Section 17. Notice

Any notice delivered with respect to this MOU must be in writing and will be deemed to be delivered (whether or not actually received) when (1) hand delivered to the persons designated below, or (2) when deposited in the United States Mail, postage prepaid, certified mail, return-receipt requested, addressed to the person at the address for the party as set forth below, or such other or to such other person as the Party may have specified by written notice to the other Party delivered according to this Section:

As to the County:
Joe Shriver
1840 Simon Kenton Way, Suite 5200
Covington, Kentucky 41011

As to the Authority:
Christine Russell
209 Greenup Street, Suite 400
Covington, KY 41011

Section 18. Risk Management

A. Hold Harmless and Indemnity Clause:

○ To the fullest extent permitted by applicable law, the Authority shall protect, defend, indemnify, save and hold the County, its agents, officials, and employees harmless from and against

any and all claims, demands, fines, loss or destruction of property, liabilities, damages, for claims based on the negligence, misconduct, or omissions of the Authority resulting from the its work as further described in this MOU and its attachments, which may arise in favor of any person or persons resulting from the Authority's performance or non-performance of its obligations under this MOU except any damages arising out of personal injury or property claims from third parties caused solely by the negligence, omission(s) or willful misconduct of the County, its officials, commissioners, employees or agents. Further, the Authority hereby agrees to indemnify the County for all reasonable expenses and attorney's fees incurred by or imposed upon the County in connection therewith for any loss, damage, injury, liability, or other casualty. The Authority additionally agrees that the County may employ an attorney of the County's own selection to appear and defend any such action, on behalf of the County, at the expense of the Authority. The Authority further agrees to pay all reasonable expenses and attorney's fees incurred by the County in establishing the right to indemnity.

The Authority further agrees that it is responsible for any and all claims arising from the hiring of individuals relating to activities provided under the MOU. All individuals hired are employees of the Authority and not of the County.

B. Insurance Requirements

The Authority agrees to secure and maintain the insurance coverage outlined below during the term of this MOU. The Authority agrees that this insurance requirement shall not relieve or limit its liability and that the County does not in any way represent that the insurance required is sufficient or adequate to protect the Authority's interests or liabilities but are merely minimums. It is the responsibility of the Authority to ensure that all subcontractors comply with all insurance requirements.

1. Workers' Compensation statutory benefits encompassing all operations contemplated by this MOU to apply to all owners, officers, and employees.
2. Commercial General Liability – Coverage shall apply to premises and/or operations, products and/or completed operations, independent contractors, contractual liability, and broad form property damage exposures with minimum limits of:
\$500,000 bodily injury per person (B.I.)
\$1,000,000 bodily injury per occurrence (B.I.)
\$500,000 property damage (PD) or
\$1,000,000 combined single limit (C.S.L.) of B.I. and P.D.

The General Liability Policy Certificate shall name "Kenton County, a political subdivision of the State of Kentucky, its agents, employees, and public officials" as "Additional Insured". The Authority agrees that the coverage granted to the Additional Insured applies on a primary basis, with the Additional Insured's coverage being excess.

3. Directors & Officers Liability – Entity coverage to cover claims against the organization directly for wrongful acts with limits not less than \$100,000.
4. Fidelity Bonding – Covering all employees who handle the Authority's funds. The bond

amount must be equivalent to the highest daily cash balance or a minimum amount of \$50,000.

Section 19. Disclaimer of Third Party Beneficiaries

This MOU is made for the sole benefit of the Parties and their respective successors and assigns and is not intended to, and will not, benefit any third party. No third party will have any rights under this MOU or any right to enforce any provisions of it.

Section 20. Dispute Resolution

In the event of a dispute related to any performance or payment obligation arising under this MOU, the Parties may by agreement attempt dispute resolution procedures prior to filing a lawsuit or otherwise pursuing legal remedies.

Section 21. Assignment

This MOU may not be assigned nor subcontracted in whole or in part without the prior written consent of the County.

Section 22. Headings

Article headings have been included in the Agreement solely for the purpose of convenience and shall not affect the interpretation of any of the terms of this Agreement.

Section 23. Survivability

Any term, condition, covenant or obligation which requires performance by either Party subsequent to termination of this MOU shall remain enforceable against such Party subsequent to such termination.

Section 24. Modifications

This writing embodies the entire MOU and understanding between the Parties hereto and there are no other agreements and/or understandings, oral or written, with respect to the subject matter hereof, that are not merged herein and superseded hereby. This MOU may only be amended or extended by a written instrument executed by the County and the Authority expressly for that purpose.

Section 25. Entire Agreement

It is understood and agreed that the entire agreement of the Parties is contained in this MOU, which supersedes all oral agreements, negotiations, and previous agreements between the Parties relating to the subject matter of this MOU.

IN WITNESS WHEREOF, the AUTHORITY and the COUNTY respectively, have caused this MOU to be executed by their duly authorized representatives.
