Facts about Addiction

- ✦ Persons with substance use disorders come from all walks of life.
- ✦ Substance use changes the brain, which can make drug use compulsive.
- ✦ Addiction is a chronic disease that can be managed. Treatment works, people recover.
- ✦ Medication-assisted treatment, coupled with counseling, is the preferred treatment for heroin and other opioids.
- ✦ Many people struggling with substance use require longer-term and/or repeated treatment.
- ✦ Relapse is common and presents a learning opportunity.
