Re: Cancellation of PhishingBox Annual Renewal

At the May 23rd, 2023 Fiscal Court meeting, the court approved a one year agreement with PhishingBox phishing and social engineering training software, for \$3,636.60.

After this was approved, a superior product with the same functionality was found to be offered at no cost through our cyber insurance policy.

Technology Services staff have tested the new product successfully, and confirmed with PhishingBox that they will allow us to cancel our renewal.

Thank you,
