Re: Dell Quote 3000198813893 for custom hardware for Dispatch

As part of our standard FY26 asset replacement, a number of computers have been identified as needing replacement in Dispatch. Due to the special technical needs of Dispatch personnel and CAD software, we recommend that custom computers be purchased.

The state contract with Dell is the most cost effective way to purchase custom built computers. Therefore I am requesting permission to forego multiple quotes from other vendors, and purchase directly through the state NASPO contract (Master agreement 758-2400000211) for the custom hardware on the attached quote 30001988183893.

Thank you,

Jessica Ramsey
