NEW HOPE FOR LATONIA LAKES

December 2018
Community Newsletter

Snow Removal

The Kenton County Department of Public Works is responsible for snow and ice control on County roads.

Public Works Policy

Each year as new streets are built, snow routes are revised and more resources are needed to treat the roads in a timely manner. Streets are ranked on a priority list from one, or most urgent to three, least urgent.

Snow Emergencies

Level I: Cautious driving is advised.

Level II: Only motorists whose travel is necessary should be on the roadways. Residents are urged to contact their employer to see if they should report to work.

Level III: Essential travel only is advised. Violators are subject to prosecution. Residents are urged to contact their employer concerning work schedules.

During Snow Emergencies, where snowfall accumulation is 2 inches or greater, no vehicle may be parked upon any public road right of way.

Any person violating this ordinance may be issued a citation between \$20.00 to \$100.00.

A Special Thank You!

New Hope for Latonia Lakes would like to thank the Kenton County Police Department, and in particular Officer Charles Duncan, for their support of our community and their commitment to making Latonia Lakes a safe place for the families and children who live here.

One of the main purposes of the New Hope for Latonia Lakes group is to strive to improve the quality of life for the residents. Your work here is paying off.

Creating trust is critical to the continued success of your work here. We are aware of many positive interactions between the residents, children, and police officers. In times of need, we know exactly who to call to get a response. And Officer Duncan's continued participation in the New Hope meetings has given the community a level of comfort that the Department is serious about helping us out in our efforts. During this season of giving thanks and appreciation to those important to us, please accept our sincerest...

A large, stylized 'Thank You' graphic in a flowing, black cursive script font.

Animal Control

Kenton County Animal Shelter has five Animal Control Officers who are responsible for enforcing state laws and county ordinances pertaining to the welfare and control of domestic, exotic and wild animals.

Our Animal Control Officers work in concert with other local agencies and the Kenton County Animal Shelter.

In Kenton County, owners must license all dogs and cats and they must have a rabies vaccination.

It is unlawful to abandon any animal. An abandoned animal is:

- Any animal left more than 48 hours without a person checking on the condition of the animal and providing food and water
- Any animal found loose without a license or vaccination tag

Any animal running loose may be picked up by Animal Control. If they can reasonably find the owner they may return the animal and issue a warning or citation. Impounded animals will be held for five days and then offered for adoption or euthanized.

Dogs, cats, and other animals must also be moved indoors or an area that provides protection from extreme weather

If you have questions or concerns, please contact the Kenton County Animal Control at (859) 356-3191.
